

THE IMPACT OF CHILDREN'S ILL HEALTH ON HOUSEHOLD FINANCES

iptf

£700

Having cancer adds £700 a month to outgoings for young cancer patients and their families

1/3

Nearly a third of households said at least one of the adults had to stop work entirely following the young person's cancer diagnosis

LOSS OF INCOME

The majority of households suffer a loss of income due to reduced hours or taking time off

£10,000 OR MORE

1/3 of families incurred a loss of income of £10,000 or more
